

IRINA SAFRONOVA

Frontend Developer | React | Next.js | TypeScript | AI Integration

Mississauga, ON, Canada | irina.safronova0801@gmail.com | LinkedIn | GitHub | Portfolio

SUMMARY

Frontend Developer with professional internship experience building production-ready and AI-integrated applications using React, Next.js, TypeScript, and REST APIs. Experienced in reusable UI development, API integration, testing, accessibility, and LLM-powered features. Mobile Web Developer graduate with Honours and a 98% GPA, currently working as a Frontend AI Engineering Intern at FlyRank AI.

SKILLS

Frontend: React, Next.js, TypeScript, JavaScript, Angular, HTML5, CSS3, Responsive Design, Accessibility

AI Development: LLM Applications, Tool Calling, Claude Code, ChatGPT, Prompt Engineering, AI-Assisted Development, Zod

APIs & Databases: REST APIs, Node.js, Authentication, PHP, MySQL, PostgreSQL

Testing & Debugging: Vitest, Testing Library, Functional Testing, API Testing, Validation, Debugging, Root Cause Analysis

Tools: Git, GitHub, GitHub Actions, Jira, Swagger, Figma, VS Code, Linux

Mobile: Swift, SwiftUI, Kotlin, React Native, Core Data, MVVM

Concepts: State Management, API Integration, SDLC, Agile/Scrum

EXPERIENCE

FlyRank AI - Frontend AI Engineering Intern

Remote | Jul 2026 - Present

- Build AI-integrated frontend applications using React, TypeScript, Next.js, and LLM APIs.
- Develop Glowii Club Manager Agent using tool calling, structured data, streaming responses, and Zod validation.
- Apply AI-assisted engineering workflows with Claude Code and ChatGPT for development, debugging, testing, and documentation.
- Validate implementations through automated testing, linting, accessibility audits, and code review; achieved 100 Lighthouse Performance and Accessibility scores on mobile.

R-A-Ones Corporation - Software Developer Intern

Brampton, ON | Jan 2026 - May 2026

- Delivered 5+ production-ready features using React, Next.js, TypeScript, and REST APIs.
- Built 10+ reusable UI components to improve frontend consistency and maintainability.
- Integrated REST APIs with authentication, validation, and error-handling workflows.
- Diagnosed and resolved software defects through testing, API validation, debugging, and root-cause analysis.
- Collaborated in Agile sprints using Git/GitHub, pull requests, Jira, and Swagger.

Frontend Developer - Freelance | Anna Vorobkalo Event Website

Mississauga, ON | May 2026 - Present

- Redesigned and modernized a production event-host website using JavaScript, HTML, CSS, and responsive design.
- Implemented interactive reviews, booking and consultation workflows, and social media integrations.
- Improved mobile responsiveness, accessibility, visual hierarchy, and cross-device usability.
- Managed deployment, analytics integration, production updates, and GitHub Pages hosting.

PROJECTS

Glowii - Sports Club Management Platform

React | Next.js | TypeScript | AI SDK | Zod

- Built an AI-powered club management assistant using Next.js, TypeScript, and LLM tool calling.
- Implemented server-side tools, structured data retrieval, Zod validation, and streaming responses.
- Designed reusable conversational UI and modular AI architecture for continued product development.

FluiDex Drive - iOS Vehicle Management Application

Swift | SwiftUI | MVVM | Core Data

- Built an iOS application for vehicle tracking and maintenance management.
- Developed reusable SwiftUI components with MVVM architecture and reactive UI updates.
- Implemented Core Data persistence, validation, debugging, and maintenance reminder workflows.

EDUCATION

Mobile Web Developer Diploma - Honours

triOS College | Toronto, ON | 2026

GPA: 98%
